Fabric Specification Sheet

Ancre Linen - Burnt Orange

£168 per metre

Ancre is a 100% pure Belgian linen, distinguished by its tactile, heavy-weight weave that exudes artisanal charm and character. Rich in texture yet refined in appearance, it is the ideal choice for interiors that embrace natural materials. Ancre has undergone the Sanfor Airo process that pre-shrinks the fabric, ensuring stability and preserving its shape, while an innovative softening method gently tumbles the linen to create an exceptionally soft handle and a luxurious drape. With a 30,000 rub count, Ancre combines visual appeal with everyday practicality. As with all natural linens, subtle colour variations may occur, a hallmark of true flax and the unique Belgian climate that shapes each harvest, adding depth and individuality to every piece.
